Notes & Details

Give your operation a delicious boost by offering breakfast omelets with this Avantco 55-piece deluxe induction made-to-order omelet / pasta station kit! The kit includes 55 hand-selected pieces to help accommodate your business in its new venture and menu offerings. Aside from cooking omelets, this versatile kit can even double to create a pasta station for dinner service. An easy-to-use double countertop induction range is the main component, designed for quick, but quality cooking.

Because it's induction, the unit cooks with flameless technology, making your station just that much cooler and safer. Plus, the 16 gauge 304 type stainless steel base features a cavity built to accommodate the range, providing you with a durable and professional cooking station. This kit provides you with everything you could possibly need - except for the food!

Accompanying the range are (2) 8" non-stick aluminum-clad stainless steel fry pans for a cooking surface, as well as a black 12" nylon turner for flipping and forming the omelets into thoroughly cooked meals. So that you can easily serve liquid eggs into the pan, a one-piece stainless steel ladle is provided.

A number of supplies are featured in the kit with the purpose of cold food storage, perfect for peppers, onions, cheese, and a number of other common omelet ingredients. These supplies include (1) 1/3 size and (6) 1/6 size, 6" deep stainless steel steam table pans for storage and (36) 15 oz. foam freeze packs to set beneath each food pan. The pans settle into the base, supported by its enclosed design. A set of 6 black spoons make dishing out the ingredients easy.

Kit Includes:

- Double 1800W countertop induction range
- Stainless steel base with handle
- 12" black nylon turner
- One-piece stainless steel ladle
- 1/3 size, 6" deep stainless steel steam table pan
- (2) 8" aluminum-clad stainless steel fry pans
- (6) 1/6 size, 6" deep stainless steel steam table pans
- (6) black ingredient spoons
- (36) 15 oz. foam freeze packs
