## Notes & Details

Safely store wine while having it perfectly chilled and ready to serve with this AvaValley WRC-32-SZ single-section, single-temperature full glass door wine refrigerator. Its wide-ranging temperature capability makes this wine refrigerator a versatile addition. With a range from 41-72 degrees Fahrenheit, it's simple to store any kind of wine in the refrigerator for added convenience.

From the oldest, finest red wines to younger, vibrant white wines, you can set the ideal temperature with the digital controller and display on the unit for easy use. Best of all, it also includes a blue LED display light that adds aesthetic appeal and helps you identify the contents without emitting heat like a traditional bulb. This ensures that the refrigerator stays at its intended temperature.

Plus, the 5 wooden shelves, which have a weight capacity of 28.5 lb., can easily hold up to 32 bottles of various wines! Its full length glass door, which features a stainless steel frame, allows contents to be viewable and provides a more aesthetic presentation. The door has a lock to ensure contents remain secure during after-hours. Plus, the door frame and handle are made from stainless steel to guarantee durability in commercial environments while remaining easy to clean. This unit requires a 115V, 1 phase electrical connection.
